

New Zealand Report 2018

Konko Osaka Junior High School 3rd graders' Report

2018. 8. 8

Our Class (3)

No.19

I think KAPLAN's school lessons very delightful. My class is a very simple lesson. But I don't speak English well. Also I cannot listen to many English words. When I don't understand, I ask my teacher. I think the lessons are very hard study. Afternoon lesson is very difficult. I am week at dancing and joining everyone. I will come home a little while later, but I will hold out.

HAYATO

School is very fun. My teacher Robin is very very good. I study hard. Study game is very very good. The games became better day by day. And I am very happy. The students study very hard. We enjoy dancing, too. Boys' Haka is very very good. Girls' Poi is very very good, too. My school English class is very very good.

SHUNSUKE

My class is Konko 3. Konko 3 is a very very fun class. The teacher is very kind, funny and very friendly. Classes in Konko 3 in the morning are generally games. So, we got very familiar to English and it is very easy to speak English. So, Konko 3 is a very nice class.

YUMA

Hello! Study in New Zealand got more and more interesting in the third week. My class teacher is Ms. Robin. English lesson is very difficult, but Ms. Robin's lesson is very fun. I got used to English lesson soon. Students ask many questions in my class. Because Ms. Robin is a very kind teacher. Anyway I enjoy good English lessons here!

RYOSUKE

My classroom is Konko 3. My class teacher is Robin. My class is always funny. Because sometimes we play games. And we sometime make arts and crafts. For example we make origami and collage of scraps of colored paper. So our classroom is colorful. Afternoon class is sometimes for practicing a party. For example, singing a song and dancing. And girls practice poi. Poi is Maori's tradition.

AKO

School is very fun. Because there are games and stuff in class. I can take classes in a different way from Japan. In Japan, it is quiet during class, but in Kaplan we always speak English. When I was in the first class, I thought that classes like in Japan would start again. But when the class started, the game suddenly started and I thought it was more interesting than the Japanese class.

SHUAI

KONKO 3

About two weeks have passed since I came to NZ and started taking classes. I gradually became able to understand English and I also increased speaking in class. Although I am used to my class now, there are many things that I cannot understand yet if I do not look it up in a dictionary. So I would like to do my best to reduce the dependence on dictionaries in the rest of the lesson.

RITO

I belong to Konko 3. My class is very bright and warm. Everyone actively carries out what the homeroom teacher said. However, we only use Japanese for break time etc. That is not a good thing for us because we came to learn English. In order to train English proficiency, we need to change our consciousness. About the remaining one week, I want to use English actively. I will do my best to train my English!!!

AYAKA

We go to school from Monday to Friday. And we have some classes. They are a lot of fun for me. Because our teacher is very cute. And best of all my friends are very nice. I look forward to meeting everyone every day. I like everyone! So classes are a lot of fun for me. I owe what I am today to everyone.

AKI

I have to speak English for the whole class. I do not like English very much, but I like talking. When I am speaking English, I feel I came to New Zealand. Even though I study at school, I enjoy going out somewhere, playing, and playing games very much. It is a very fun class!!□

KEITA

I thought that Kaplan school is a fun place. Because my teacher Robin's class is very fun and sometimes we can play games together. I want to come to school every day. We can play games, for example quick answer quiz game, make a pamphlet and sometimes we can play other games. I was in Konko 3. Because we had a test when I was sick. So I couldn't have a test. But my class is fun. So I want to keep staying in this class.
