The tour was so fun. New Zealand's buildings are more unique than Japanese ones. Although it is winter here, it is warm. New Zealand has a lot of animals. I like animals. So I am so happy. We haven't had rain so far. Limestone cave was beautiful. Hobbiton Movie set was beautiful, too. Kiwi bird is cute. I am happy and lucky!

I thought about many things of this travel. At first, New Zealand has many kinds of animals and big farms. They are very important for New Zealanders. Second, there are a lot of interesting places and good food. For example, souvenir shops, lamb cooking and buffet style dinner. I want to visit there again.
