No. 8

I walked around the town of Auckland on Saturday. And I climbed the sky tower. There were many shops in the town of Auckland. There was Japan Mart in that. I was able to look around the town of Auckland from the sky tower. There were the restaurants in the sky tower. I'm looking forward to the activity of the next week!

Yusaku TATSUMI

When I went to the meeting point, I had to go on a different route from school. So it was hard to go first. But my host family sent me to the station and told me how to go back home. It was very helpful. I went to Sky Tower and enjoyed shopping with my friends and could buy various things. I had a very valuable experience.

Masayuki TANAKA

Everyday is adventure for me. I had a good time going to Sky Tower. When I heard we would take a photo, I thought it would be just taking a photo in the tower. I don't have an acrophobia. But it was really scary taking a photo with lying on the window made of glass. I don't want to do it again.

Mitsuaki FUJISHITA

Hello. I went to Sky Tower today. I found the guide Manami knows a lot about New Zealand. I'm proud of her. The view from Sky Tower was amazing. I took many photos from Sky Tower with my friends. After that, I went sightseeing again. And I knew a little about Auckland. I played soccer with my friends after the activity. It was a wonderful day for me.

I had a good time. But I had been very nervous when I got on bus. I went to OK gift shop with Yusaku. We arrived there at 8:10. It was very early. Sky tower was so fun. But I was a little scared. Because I am acrophobia. I walked around the city with my friends. And I found Japan market and a supermarket. I'm going to try to make lunch.

I walked in Auckland City for the first time. The city has many people and many cars. We went to Sky Tower. Sky Tower is smaller than Tokyo Sky Tree. But Sky Tower is magnificent. And it is very scary. After the activity, we went to a restaurant. The restaurant is crowded with many people. I am looking forward to next week activity.

Seiji ARIKAWA

I went on an activity with everyone for the first time! It was very very fun! And I climbed up the Sky Tower! It was high, so I was a little scared. While I was walking, I found Japanese Ramen food shops! I was so surprised. But I wanted to go there! New Zealand has many interesting places! I am looking forward to the next activity!

Jin IGARASHI

I went to Sky Tower with my classmates and Ms. Mihata. Sky Tower was very high. I am not good at high places. So I could not enjoy the tower. But we also have different activities. So I would like to enjoy a lot of different activities. The activities in New Zealand are my first time. I want to make a lot of memories.

Yuya KUBO

I went to Sky Tower. The tower is very high, so I was scared. And, I saw a lot of ships. The place was beautiful. I went to a souvenir shop. I bought a water bottle. I enjoyed it. But I had a little money, so I couldn't buy a lot. So I will have much money with me next Saturday.
