I went to Sky Tower. Sky Tower is very high. I went to the observation table. The view was very beautiful and we would overlook New Zealand. But I was scared of high places. There were various shops in Auckland. After the activity, I had a very good time. I want to go to various places and I want to enjoy New Zealand more.

Hello. We went to Sky Tower and walked around Auckland on 27, July. First, we went to Sky Tower. I felt very scared because Sky Tower was very big. The top of Sky Tower's view was very good. We could see all of Auckland from there. Second, we walked around the Britomart station. There were a lot of shops. I want to go to more places. Goodbye.

I had the first Saturday Activity on 27 July. I went to Sky Tower, and walked around the city. The view from the tower was wonderful, and I could see the bay beautifully. There are many shops which are in Japan in the city. It was a nice chance to check the places to go on my holidays. I'd like to go to the city again, and do some shopping with my friends.

Hello! I went on the first activity. It was going to the SKY TOWER. I enjoyed that very much! Unexpectedly, I could go to a high spot. I was a little scared, though. In this activity we could speak Japanese freely. So I speak many Japanese for a long time in a day. This activity was a very good experience for me. If I can go to the SKY TOWER again, I want to look at bungee jumping people!

Hello, my name is Yuya. I went to Sky Tower in New Zealand today. The Sky Tower is very tall. And we found the glass floor. I was worried if it would break. The top floor was very scenic and I took lots of photos with my friends. Let's go to a better place in New Zealand! And I will learn English!
