(2)

No.12

We have spent about ten days since we left Japan. Today, I write about my host mother. Her name is Abbi. She is very kind, funny, and cooks well. I always think her cook is very delicious. So I'm satisfied that she is my host mother. But I'm homesick. So I miss my family. But I don't want to make my family worried. I'd like to become a strong-minded human.

Sayumi OKUDA

This is my family. My host family is very kind and friendly. My brother Jacob is very cute. He often talks to me. I enjoyed playing with him last Sunday. My English skill is not good. But my family always listens to me kindly. And my mother's dinner is always delicious. I'm so happy to meet such a good family!

Aoi TAICHI

My host family is very kind. When I went to their house, they welcomed me. And they taught me English when I made mistakes how to use English. And they always try to understand what I want to say. And they made me feel comfortable. For example, to put a heater and to introduce famous shops and so on. Like this, they are a very good host family!

Kanon NODA

Ten days have passed. I am getting used to living with my host family. I want to try my best to speak English more. I talk to my host family at dinner time. If I cannot understand at that time, I ask them to tell me again. So I think I came to enjoy conversation better. I will do my best for about another three weeks.

Haru ITO

My host family sometimes serves Japanese food to me, so I'm happy. From now, I want to do my best to make my host family a treasure in my life for almost twenty days.

Tomoki OKAWA

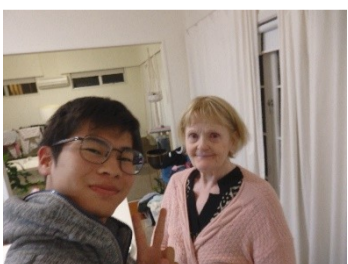

I enjoy with my host family. I talk with my host family every day. I speak a lot but I do not speak English very much. I often forget a word. But my host family tries to understand me. When my host family was delighted with Japanese souvenirs, I was very happy. I am enjoying so much.

Yuma KAKUHASHI

This is my host family. My host family has many members. They are very kind and my host mother is a good cook. It is difficult for me to get used to my host family, but it became a lot of fun after getting used to them. I sometimes make a mistake but when I make a mistake, I know what I should do then.

Naoto KATSUMATA

Hello! My homestay days are very good! Very good dish, cute cats, a kind host mother, and a beautiful city. Everything is very good! I like Auckland dish. Especially meat pies. That's why I'm enjoying my homestay days!

Makana KUSAO

This picture is a picture of a dog sleeping on my knee. My mother's food is very good and I often play with her children. We played on the trampoline together on Sunday. I speak at meal times and after meals, but because I am not good at English, I cannot talk in a while and I create silence. My current task is to talk normally with my host family.
