We went to the horse riding place and Sheep World. First, we went to do horse riding. At first, I was afraid of riding a horse. But it got more and more exciting. Second, we went to Sheep World. The sheep were so cute. And we saw the sheep shearing show. It was amazing. We have about two more weeks to stay in NZ. So I want to enjoy NZ more!

Sayumi OKUDA

This time we rode a horse and watched a sheep shearing show. I had never ridden a horse. So I was really afraid of riding a horse. When I rode a horse, I couldn't keep my balance very well. But I could relax while I was riding a horse. And my horse was too slow and cute. I'm happy to ride this horse! I could enjoy riding a horse!

Hi! I rode a horse. It was scary. But it was very fun! The horse which I rode is Mano. He was very slow to walk. So I think he is an old horse. When I rode him, it was raining and the wind was very strong. So it was very cold. But his body was very warm. I was touching his body. Anyway it was very fun!

I experienced horse riding for the first time. It seemed difficult to manipulate the horse. But the horse was very smart and easy to ride on. Riding for about forty minutes. I did it for the first time but it was great and it was a lot of fun. Second, I saw a sheep shearing. What surprised me the most was the dog chasing the sheep.

I had an activity on August 3. The activity was riding on a horse and going to Sheep World. At first, we went to OK Gift Shop, and took on a bus. I was scared of riding on a horse, but I enjoyed it. I was happy to ride on a horse. I saw many sheep in Sheep World. When I touched sheep, I felt good. I want to remember these experiences this time.

Hello from Auckland!! We did horse riding on Saturday. I was waiting at first because I was in the latter group. And it was our turn! I was nervous at first, but it was more comfortable than I expected. After this, we went to watch the sheep show and went to a honey store. In the bus back to Downtown, I found a beautiful rainbow in the sky.

Makana KUSAO

On Saturday I was riding and feeding my baby sheep. The horseback riding was very fun and I was on the horse for about an hour. The baby's milk was drunk very quickly and it was fast enough to say that it's okay if you don't rush. And it was very cute. I'm looking forward to what to do next.
