No.17

Konko 1

Konko 1 is a great class. I like my classmates. They are friendly and funny. And they help me when I can't understand and listen. Dan is funny, too. His class doesn't make me tired. Activity in the afternoon is very exciting. My favorite activity was climbing. It's a little scary and hard for me. But it was very exciting.

Hikaru AOTA

I introduce our class "KONKO1". Our teacher's name is DAN! He is very interesting! And he is so kind for us. So I like him very much. But he is not only kind but also hard. If someone talks in Japanese, he tells us, "Don't speak Japanese." And we have very interesting friends. I think "KONKO1" is a very good class.

Jin IGARASHI

My class is good!! Because Fujishita always makes me laugh. Dan likes my music. So he always plays my music with youtube. My class sometimes uses Kahoot it. It is a quiz game. It is fun.

Haruto OTA

I am having a lot of fun in my class. We are always having fun, but we are always scolded by speaking Japanese. I am thinking why we cannot stop speaking Japanese. While we are having fun, we don't think about it. I think it's the reason. Actually I want to change a seat. I am bored sitting on the same seat every day. Again I am having fun.

Mitsuaki FUJISHITA

Hello! As you know, I always enjoy classes every day. I love Dan, and Robin too. My English ability is getting better thanks to them. The most I like is conversation. This is good for taking communication and training my English ability. I want to enjoy classes more than now. My English ability will be amazing after I come back to Japan.

Soraha MUKOYAMA

We spent about two weeks since we left Japan. Today, I write about our classes. Our class is very difficult for me. But they are very fun. Because we play a lot of games in the classes. My homeroom teacher's name is Dan. He is very funny and always get a joke. So, I like his classes. And I want to enjoy my class more!!

Sayumi OKUDA

Hello! I'm enjoying classes very much. My teachers are Dan and Robin. I never get tired of their classes. Because they are enjoyable and we can play many different games. I like gap-fill questions of English lyrics the best. It is very difficult for me, but it is fun to listen to the English songs. I'll enjoy the remaining two weeks!

Aoi TAICHI

Class is very interesting in New Zealand! We usually learn conversation. It is very difficult for me. But our teachers are kind enough to teach English to us. So I think that my English has become better little by little. The most interesting class was rock climbing. It was very hard and difficult for me. But it was very fun!

Kanon NODA

The half days of studying abroad in New Zealand have passed. I'm in KONKO 1 group of Kaplan. Before noon, Mr. Dan teaches KONKO 1 group. We sometimes play Kahoot! in Dan's class. Kahoot! is a game of quiz. Ms. Robin teaches KONKO 1 group in the afternoon. She isn't fine now, but she does her best. The teachers are very kind, so I'm satisfied with my teachers. I want to do my best until going back to Japan.

Tomoki OKAWA

My class is KONKO1. KONKO1 teacher is Dan. He is a very cool and interesting teacher. His class is very fun. I like kahoot very much. Kahoot is a quiz game. In the afternoon, a different teacher always comes. Her name is Robin. She is a very funny and kind teacher. I think in her class we always play. For example, dancing singing etc... Finally, my class is very interesting in NZ. Thank you! Very cool! Great!

Taiki SUZUKI

I study at Konko1 class. First two classes are taught by Dan and in the afternoon we are taught by Robin. In the class we do a lot of things. Game, Vocabulary, Grammar and some activities. We are learning English by lots of fun things! I really like KAHOOT. It is one of the games. We can learn a lot of things from it. I will have fun more!

Kotaro MATSUMURA
