I went to Auckland Zoo and Aquarium on Saturday. It was very fun to see many animals in the zoo. The lunch which I ate at the zoo was delicious. I looked at many fish in the Aquarium. There was a shark among fish. I want to go to the Aquarium in Japan, too.

Yusaku TATSUMI

I went to Auckland ZOO and Kelly Tarlton. I was looking forward to it the most. There were a lot of animals in Auckland ZOO. The animals were very cute. The lunch was made by host family. It was very delicious. Kelly Tarlton is more fun than Auckland ZOO. Because I like aquariums very much. I enjoyed myself to the last.

Yuma KAKUHASHI

Going to the zoo and the aquarium is not my first time and I have been there many times. So I thought it was the same as in Japan. But it betrayed me. At the zoo every area was not connected so it was not convenient as I thought, but there were many animals that I can see and it was a really great place. The aquarium was a really great place, too. The most part of the aquarium was the tunnel of a tank and I could see a reversed side of the fish. It was a great experience.

Mitsuaki FUJISHITA

I went to the zoo and the aquarium in New Zealand. New Zealand zoos were wider than Japan zoos and had more animals. So I could not see all the animals. But I am glad because I could see almost all the animals. I could take pictures of various creatures in the aquarium. So I want to show my family the photos.

Masayuki TANAKA

Next we went to the aquarium. The place was terribly beautiful. This place is under the ground. It was crowded with many tourists.

On Saturday, we went to the Zoo and the Aquarium in Auckland. There were a lot of animals and fish which I hadn't seen before. For example, Kiwi birds, Meerkats, Big penguins and so on. So I was really surprised at them. When I went to the Aquarium, a picture which I painted was reflected on the screen. So I was very happy. Anyway it was soooooo exciting for me!

Hello, my name is Yuya. This time I will write about a zoo in NZ. NZ zoos don't smell so much. My team walked around after seeing Kiwis, and we finally saw elephants and ended the tour. On the way everyone bought a different drink or had lunch. Lastly, I bought a green stone at a souvenir shop and attached it. Next is going to the aquarium.
