We went to Auckland zoo and an aquarium. First, we went to Auckland zoo. There were many animals. I could see Kiwi birds. Kiwi birds are very small and they don't have wings. It was very cute. Second, we went to the aquarium. It was built under the ground. It was very fun. I like sharks and I could see a very big shark. I want to go there, again! Goodbye !

I went to a zoo and an aquarium on 10th of August. It was the last Saturday Activities for us. I could see kiwi birds, elephants, flamingos, and so on in the zoo. And also there were sharks, penguins, and jellyfishes in the aquarium. It was a good chance to know about animals in New Zealand, and I had a really good time with them.

Hello! I went to the zoo. There were many animals. I bought some souvenirs for my family. Next the aquarium. Many unique fish were in there. It was amazing that I could see a big manta. It was an amazing day for me. But it was the last day to spend time with Ms. Mihata. I'm a little sad, but Mr. Kakei came here, so it's OK. I'll do my best!!!!

New Zealand's zoo was an amazing place. I like animals. So I was satisfied. My favorite animal is a rhino. A rhino horn was very big. And a rhino was cool. Kelly Tarlton's aquarium was good, too. It has a lot of penguins. They were so cute. I took a lot of photos. And I bought a lot of souvenirs. I was too tired to walk.
